

GENUINE®
*Dr.*Comfort
EST.  USA

2024 VOLUME TWO

**DR. COMFORT® PROUDLY CARRIES THE AMERICAN
PODIATRIC MEDICAL ASSOCIATION SEAL OF
ACCEPTANCE ON PRODUCTS AS INDICATED.**

At Dr. Comfort® we understand the importance of foot care and are committed to helping people get back on their feet. With over 100 years of combined experience in foot care, footwear knowledge and pedorthic training, our team of educators know a thing or two about proper foot health.

Our shoes are available online and through healthcare providers who specialize in foot health. Proper footwear can help prevent more serious complications for those at risk. If you qualify, Medicare or other insurances may help cover the cost*.

*Your doctor or one of our providers can help determine if you qualify. To find a local provider visit drcomfort.com/storelocator or call at 800.556.5572.

You must properly maintain and care for your shoes. Cease using immediately and call your doctor if you have any signs of blisters, pain, swelling or other indications which could cause damage to your feet.

The Dr. Comfort® Difference

Extra Depth Options

Deeper than a regular shoe to accommodate hammertoes, swelling and foot/ankle braces. Our Double Depth styles are even deeper.

Extra Wide Widths

All of our diabetic shoes come in Medium, Wide and Extra Wide widths.

Easy On/Off Closures

Our shoes have a variety of closure styles like lace, no-tie elastic or hook-and-loop to help meet your dexterity needs.

Large Toe Box

The large toe box allows space to accommodate bunions, hammertoes, swelling and high instep.

Custom Orthotics Available

Visit a Dr. Comfort footwear provider to order custom-made orthotics or diabetic inserts for your shoes.

WHAT IS A LAST?

It's a three-dimensional model or mold, typically made of wood, plastic, or metal, which replicates the shape and size of a human foot. While some shoe companies only have one last, Dr. Comfort®, has multiple lasts to accommodate different foot shapes and sizes.

Women's Lasts

Euro Last

Euro Double Depth Last

Round Last

Round Double Depth Last

Men's Last's

Round Last

Round Double Depth Last

Dress Last

Shoes built on the same last will have a similar fit but there will be some differences due to variations in shoe materials, foot conditions, hosiery/socks and inserts. The Double Depth lasts will be $\frac{1}{4}$ inch deeper which fits about one width wider.

The shoe last will be displayed on the top of the catalog page.

WOMEN'S SHOES

Katy
Green/Turquoise

The following women's shoes are on the...

Stability Outsole

SIZES: M, W (4-11, 12) XW (4-11)

Lab Catalog

ORDER WITH THE COMFORT SCAN MOBILE™ APP

Help give your office the cutting-edge technology to order custom orthotics for your patients in minutes! The Comfort Scan Mobile™ App was developed for an easy to use, fast turnaround method of ordering all custom products. With the app, providers are able to take a 3D scan of their patient's foot and submit the image and order form in a few simple steps.

Search Dr. Comfort in the app store and select Dr. Comfort Mobile Scan App.

EXOS® REFORMABLE ORTHOTICS

Our alternative to premium over-the-counter footwear inserts, EXOS® features our exclusive carbon nano tube shell that allows you to reform the orthotics at anytime for a more personal fit.
